Dear Friend:

Conductor John states  
that you are preparing for publication a  
book of old songs and as one of the  
Congregation, I would thank you to place  
my longing name on your list for a  
copy. As a resident of California since  
1869, first in Dutch Flat and Oakland  
San Francisco, San Diego & now Los Angeles

I would be grateful to you for such a  
prized collection. Name the price & I'll  
send it along - Drop in some day &  
say "Hello" - Use my telephone or sit down  
and rest while in the roaring town Yours sincerely

Mr. James H. Woof,  
Indestructo Luggage Shop  
224 West 5th St.  
City,

Dear Mr. Woof-

Right you are! A man who has lived in California since 1869 will be as glad as I am at the saving of these dear old songs. I have been astonished at the advance demand-- nobody has seen the book yet, but the First Edition and a third of the Second are already sold out. The book will be out in about a week-- handsome in appearance, while the songs are a deathless joy.

I will try to come and see you some time, thank you.

Sincerely Yours,
